

*Is outstanding at Powers Hall when we...*

- Feel free to learn about what we want to learn about within the topic that we are covering.

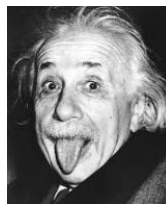

- Learn about the world around us.

- Are not afraid to make mistakes and learn from them in an investigator situation.

- Learn about key people in science as well as their discoveries.

- Learn about science in a safe and encouraging environment.

*And we always remember that;*

*In Science you are always right, until you are proven wrong!*
